2006 CLIENT TESTIMONIALS

"Trigon have greatly assisted our business by fully understanding our career opportunities and providing countless exceptional candidates. Their professional yet personal manner has helped contribute to numerous appointments. We use Trigon as our preferred supplier for management vacancies, because they demonstrate values that we really do appreciate: a superior level of service, responsiveness, and quality. For us it's a pleasure to do business with Trigon."

Resourcing & Development Manager, Leading International Security Services Provider, London

"We had a requirement to recruit a number of senior security managers throughout the UK. After selecting Trigon, we worked closely with its Director, David Childs, to ensure that Trigon was fully briefed about the roles and our specific requirements. Trigon strove to understand our company's culture, aspirations and needs and they most definitely achieved this. They identified what we needed and delivered it professionally and with impact.

Within a relatively short period of time, Trigon produced a shortlist of candidates for each of the vacant positions. The candidates presented to us were of an excellent standard, with a proven track record within the security management sector. Trigon demonstrated excellent skills in firstly finding qualified, high caliber candidates and then managing the expectations and needs of both the candidates and us. After completing the recruitment process, we successfully hired four security managers from Trigon. We have been delighted with the professional service that Trigon has provided us with and we intend to maintain our working relationship with them to ensure our continued growth and success."

Trigon has now successfully recruited eleven security managers for this client throughout the UK.

Operations Director, Leading International Security Services Provider, London

"Strong understanding of clients' needs, speed, strong follow-up, competent consultants... These are key competencies of Trigon".

HR Manager, Leading Investment Bank, Luxembourg

"I appreciate the fact that I am not bombarded with applicants and that time is taken by to research what is required and then match applicants to positions. This saves me time trawling through unsuitable CV's. I also appreciate the fact that I am not subject to frequent sales calls, wanting work. I am happy to use Trigon where we have positions"

HR Director, Leading International Security Services Provider, London

"I have always found everyone to be extremely personable and grounded."
